Dear Mr Bradley

RE: SEAHILL LANE, CHIDEOCK

The slippage last year in Seahill Lane is still making it very difficult for cars and caravans to use the passing place. This needs attention as soon as is possible please. We have been asking for this work to be done for some time - the slippage occurred when our previous Clerk was in position and unfortunately, she deleted all emails which has made the timing of our first contact with Dorset Council difficult to ascertain.

We have however been asking again for this work to be done under our present Clerk and so far to no avail.

I understand that Mr Everidge who owns the land on the other side of the road from the slippage has been in touch with you and offered his land for depositing the earth from the slippage.

Please would you let us have some idea of when we may expect this to be removed so that the passing place can be used as it was meant to be.

Thank you for your urgent attention to this matter

Yours sincerely

Caroline Parkins
