Dear Mr Hill

RE: AVERAGE SPEED CAMERA ALONG THE A35 – CHIDEOCK

Are you able to provide any feedback yet on the meeting we had with you in February 2025 and in particular, are you able to give an update on the average speed camera to be located along the A35 in Chideock.

Could I also remind you of the A35 subsidence at Linnet Cottage / Box Cottage, the delays are not helpful, and the condition is getting worse, the predicted wait until peak tourist season for works to commence is wholly unacceptable.

Kind regards  
Yours sincerely
